CREATIVE POTENTIAL

Afterschool Program

Design

CP ASP is designed to meet the variety of needs found in our communities in assisting family with after school care in a safe enriching environment.

Our program staff are trained to work with children on a multitude of levels including, intellectual and developmental delays.

CP ASP works with youth ages 13 and over

for applications and registration packets, or for more information.

Creative Potential Afterschool Program

CP ASP aims to focus on bettering youth through homework enrichment, Life Skills training, group work and community engagement. Youth will spend their afternoons addressing educational homework from school or provided from our program, teen groups, life skills and more.
